Weekly Exercise 9

- In the Weekly Exercise 9’s textfield on CourSys, copy and paste the whole content of the functions

  ```c
  intarr_t* intarr_create( unsigned int len );
  ```
  and

  ```c
  void intarr_destroy( intarr_t* ia );
  ```

  you have implemented for Task 1 of Lab 5

- Make sure you include the function headers (prototype or signature)

- Due Thursday Nov. 14 at 4pm
